

Webb School Science Fellow

The Webb School has an exciting opportunity for a young college graduate who would like to gain experience in independent schools, specifically in Life Sciences. The Science Fellow will gain experience teaching 9th grade Biology and 6th grade Life Sciences under the tutelage of two Webb teachers and the department chair.

The Fellow will also gain experience in Athletics as they assist in sports of their interest. This position will also contribute to the Residential Life program. Housing is provided and the Fellow will work closely with a dorm team and serve as a dorm parent. In addition, as a residential staff member, our Fellows are welcome to eat three meals a day in the Follin Dining Hall when open.

The position begins contractually on August 1, 2021. Please direct all inquiries (including a cover letter, current resume, and contact information for three references) to:

Mrs. Nicole Taucare, Dean of Academics and Arts
The Webb School
319 Webb Road East
Bell Buckle, TN 37020

Founded in 1870, [The Webb School](#) is a private boarding school in Bell Buckle, Tennessee. Students from grades 6 -12 come from all over the world seeking college preparatory school education in liberal arts. With 10 Rhodes Scholars among its graduates and consistently high SAT scores, The Webb School has a reputation of being one of the top private boarding schools in the nation. Webb's small school community and its emphasis on honor truly create a Character of Home for its approximate 325 day and boarding students. The 150-acre campus is located in a rural setting 50 miles southeast of Nashville. Approximately 50% of the upper school's student population is boarding. At present, the school enrolls students from 15 U.S. states and 17 countries.
