

September 11, 2019

Dear Friends,

Thank you to everyone who participated in the campus visit with The Education Group consultants and the online survey in August. The consultants, Dennis, Katherine and Bob assure us that the community's efforts were very successful and they gathered a lot of helpful information. Through the on-campus meetings, interviews, and a confidential online survey, Webb community members were invited to share input with consultants on the qualities desired for the next Head of School. All of these various perspectives and data have helped to shape the position profile for Webb's next Head of School that will be used throughout the recruitment and interviewing phases. Please review the [profile](#) and share with anyone who you think is well-qualified. As always feel free to reach out to [Dennis](#), [Katherine](#) or [Bob](#) with any questions or suggestions.

Sincerely,

Farrar Vaughan '95
Head of School Search Committee Chair, Trustee
