September 15, 2018

Dear College Counselor,

Since 2006, the Foundation has awarded $9.6M in scholarships to students from middle Tennessee. We have awarded over 500 scholarships to students representing 134 high schools from 36 counties.

Please place the enclosed poster in a prominent location near other college materials. We will have a booth at upcoming ‘college fairs’, September 18th at the Cool Springs Galleria Mall in Franklin and September 20th at Tennessee State University in Nashville. We welcome questions from students and parents!

The criteria for applying for either scholarship:
- Applicants must demonstrate financial need (FAFSA)
- Graduate high school from one of the 40 designated counties
- Must pursue a business or STEM* degree
- Plan on enrolling full-time for the 2019-20 school year.

The award is renewable and may be used at any four-year, not-for-profit institution in the United States. Your students will find complete details and the application at our website. Please share this opportunity with your alumni, as the award is also available to rising sophomores, juniors and seniors in college.

Applications will be received from September 15th through December 15th, 2018.

To insure student and family information is secure, our scholarship is administered by International Scholarship Tuition Services, Inc.
