

Spring Break Trip 2020 (next year) - WWII in England and France!

Attention current 8-11 graders! Make the most of next year's spring break. Come follow in the footsteps of Allied soldiers who pushed to liberate France before and after the D-Day landings. Highlights include touring London, focusing on the impact of the war during the Blitz, seeing the Churchill War Rooms and Bletchley Park, the secret facility home to the team of codebreakers and spies that discovered the Enigma Code.

We'll cross the English Channel to Normandy Beach, visiting Pointe de Hoc and seeing remnants of floating roadways and piers where troops landed and eventually liberated Europe from the Nazis. We'll finish our 8-day trip in Paris, touring the beautiful City of Lights, the Champs-Elysees, Notre Dame Cathedral and Versailles.
